Forward Looking Statements and Non-GAAP Financial Measures

Forward Looking Statements

Some of the statements contained in this presentation constitute forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, projections, plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” or “potential” or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

The forward-looking statements contained in this presentation reflect our current views about future events and are subject to numerous known and unknown risks, uncertainties, assumptions and changes in circumstances that may cause actual results to differ significantly from those expressed or contemplated in any forward-looking statement.

While forward-looking statements reflect our good faith projections, assumptions and expectations, they are not guarantees of future results. Furthermore, we disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events or other changes, except as required by applicable law. For a further discussion of these and other factors that could cause future results to differ materially from those expressed or contemplated in any forward-looking statements, see the section entitled “Risk Factors” in our most recent Annual Report on Form 10-K and in our subsequent SEC filings.

Non-GAAP Financial Measures

To supplement the financial statements presented in accordance with United States generally accepted accounting principles (GAAP), we present the following non-GAAP financial measures, each of which excludes selected expenses related to the CWCapital acquisition: adjusted net income, adjusted diluted earnings per share, adjusted total expenses, adjusted income from operations and adjusted operating margin.

These supplemental measures exclude acquisition and integration costs specifically related to the CWCapital acquisition, and amortization of customer contracts and other intangible assets acquired from CWCapital. We believe that these non-GAAP measures facilitate a review of the comparability of the our operating performance on a period-to-period basis because such costs are not, in our view, related to our ongoing operational performance. We use these non-GAAP measures to evaluate the operating performance of our business, for comparison with forecasts and strategic plans, and for benchmarking performance externally against competitors. Since we find these measures to be useful, we believe that investors benefit from seeing results “through the eyes” of management in addition to seeing GAAP results. We believe that these non-GAAP measures, when read in conjunction with our GAAP financials, provide useful information to investors by offering:

- the ability to make more meaningful period-to-period comparisons of our on-going operating results;
- the ability to better identify trends in our underlying business and perform related trend analyses; and
- a better understanding of how management plans and measures our underlying business.

These non-GAAP measures are not in accordance with or an alternative for GAAP, and may be different from non-GAAP measures used by other companies. We believe that these non-GAAP measures have limitations in that they do not reflect all of the amounts associated with the Company's results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate our results of operations in conjunction with the corresponding GAAP measures. The presentation of this additional information is not meant to be considered in isolation or as a substitute for the most directly comparable GAAP measures. We compensate for the limitations of non-GAAP financial measures by relying upon GAAP results to gain a complete picture of our performance.

For a reconciliation of these non-GAAP financial measures, refer to slides 9 and 10.

Key Points on Q1'13

Loan Origination Volume

- ▶ \$1.7 billion of loans originated in first quarter 2013, reflecting very strong growth of 157%
- ▶ Loan origination guidance ⁽¹⁾:
 - ▶ Q2'13: \$2.3 billion - \$3.0 billion
 - ▶ FY 2013: \$10.0 billion - \$12.0 billion

Key Financial Highlights

- ▶ Total revenues of \$69.2 million, up 101% over first quarter 2012
- ▶ Gains from mortgage banking activities as a percentage of volumes at 248 bps, slightly below historical average due to the mix of loans originated and a large Fannie Mae loan with a lower than average MSR
- ▶ Total expenses increased 128% to \$56.9 million, due to increase in personnel and amortization and depreciation
- ▶ Adjusted net income ⁽²⁾ of \$8.5 million, or \$0.25 per diluted share, up 46% over first quarter 2012
- ▶ Adjusted operating margin ⁽²⁾ of 20%, consistent with typical first quarter performance on a normalized basis

Servicing Portfolio

- ▶ Servicing fees of \$21.1 million, up 125% over first quarter 2012
- ▶ Servicing portfolio of \$36.8 billion at March 31, 2013, up 118% over March 31, 2012

Proprietary Capital Initiatives

- ▶ Significant progress developing vehicles to raise funds and diversify our sources of capital, including:
 - ▶ Bridge loan program to invest in multifamily and senior housing loans of \$30+ million
 - ▶ CMBS loan origination platform
 - ▶ Continuing to explore commercial mortgage REIT
 - ▶ Separate account to raise long-term, fixed-rate capital for our borrowers

Market Position

- ▶ Scale and brand recognition enhancing opportunities and market share
